Draft: OTA's Water Conservation Fact Sheet.

OTA is nonregulatory office in the Commonwealth's Executive Office of Energy and Environmental Affairs, which provides no-fee assistance with toxics use reduction or other pollution prevention, and resource conservation, such as water or energy use reduction. OTA also assists in compliance with relevant requirements. To receive OTA updates and alerts of new requirements or events relating to sustainable practices, send an email to: maota@state.ma.us. Call us at 617 626 1060 or go to:
